OK, though I thought we could discuss that under the 4th agenda item: Data provision update. I will send you the stats I have gathered shortly, re: CIC #s.

Hi Joe,

I haven't received any Stats info as of yet to compile into a useful format so maybe we can add that to the agenda as well.

Thanks,

Subject: August Conference call

In preparation for our conference call this Thursday, August 1, find attached: draft agenda (with dial-in info), Accountability Framework draft (with revisions from Shayne and Joe tracked), Roles and Responsibilities draft (with revisions/additions by Joe tracked).

You will note that I have pencilled in a chair and a note taker on the agenda. We can change these if need be, but I think we do need to identify both a chair and a note taker for each meeting ahead of time, and we should take it in turns to assume these roles.

Any thoughts or revisions please forward to me by end of today if possible (I will be out of office for rest of week). If I can't make changes to documents we can discuss and revise at meeting.

By the end of the call on Thursday I suggest we would like to: a/ have agreed upon wording for the tripartite agreement, or failing that have set out a process and time frame for achieving that agreement; b/ have next steps on our critical path identified, and c/ have a date for our next conference call.

John, could you please forward this package to Marcel Ashini as I don't have his e-mail coordinates.

Joe Behar
