Re: Child and Family Services Sub-Committee funding request (2 attachments)

The attached notice gives basic information about a conference on Aboriginal Social Work Practice, Jan.22-25 in Sudbury, Ontario for which I have already registered.

It seems to me it would be very useful for both Kathleen Berman, and Anastasia Qupee as well as me to attend this conference in light of our active participation in the work of the child and family services sub-committee.

Please consider this a formal request for funding from the sub-committee to enable our participation at this conference. Attached is a tentative proposal for funds. The airfare quoted is full fare, but given some lead time we could get a reduced fare with a Saturday night stop over.

I would appreciate a response to this request at your earliest convenience as this is little more than a month from now.

Sincerely,

Lyla Andrew MSW
